Paper – II : SOUTH ASIA REGION

Bangladesh, Bhutan, India, Nepal, Pakistan, Sri Lanka and Maldives

The paper aims at making the students conversant with a comparative profile of the countries in the South Asian Region from a comprehensive perspective covering prominent aspects like geography, society and culture, economy and problems of economic development, government and political process and the interaction with external powers. This should enable a student to analyze particular phenomena or developments occurring in a country from comparative perspective rather than consider it an isolated occurrence. This will help to have better appreciation of the study of country-specific institutions and their dynamics as part of optional paper, which the students will offer simultaneously

- I. Geo-political significance of the Region and Contributing Factors
- II. Evolution and Growth of Political Systems in South Asia
- III. Foreign Policies of South Asian countries: Main Trends & Analysis
- IV. India in South Asia and Regional Cooperation in South Asia
- V. Major Powers in South Asia

Suggested Readings:
